## EXPERIENCE

### University of Cape Town RAG( Remember and Give)

2014 - 2015 Cape Town, Western Cape

UCT RAG is a student charity organization which raises upward of R1 million every year in funds for SHAWCO through student and corporate events. I have been involved with UCT RAG as a member of the general committee. I was actively involved in the planning and management of student and corporate fundraising. This included contacting venues, acquiring sponsorships, designing event content (flyers & posters) and being on sight at every event.

### Keepitkhoi online publication, Graphic Designer & Web Maintenance

June 2015 - January 2017 Johannesburg & Cape Town

Keepitkhoi was created and managed by KHOI. I was involved in designing the aesthetic of the publication, which extends to photography, videography & graphic design of accompanying cover images for articles. I used adobe software, including photoshop, illustrator, after effects and premier pro. I was also responsible for maintenance and curation of the website.

### KHOI Design and Creative Consultancy, Graphic & Web Designer

June 2015 - present Johannesburg, Gauteng

As a founding member, I developed the logo and corporate identity of the firm. I'm involved primarily in offering logo design, brand development and website design & implementation. I'm currently heading up design of the home website for KHOI - working on the full stack, with a front-end focus. Writing using HTML, CSS, react.js and google firebase.

### PhasesZA NPC events company, Chairman & Director

Oct 2016 - present Cape Town, Western Cape

Phases is an events company formed with the ultimate goal of creating an open festival - a festival with no entrance fee thus broadening the scope of people who can access the festival. I'm involved in event conceptualization and set design. I'm also the head graphic designer for event material which includes (but not limited to) posters ,performance line ups , printed flyers , information booklets and the corporate identity of the company.

### Umuzi Web Development Intern

March 2018 - present Johannesburg, Gauteng

Umuzi is a progressive organization that supports young people to become independent value creators by offering a one-year learnership that produces high-calibre, entry-level digital and creative professionals that will culminate in qualifying for a National Certificate accredited by MICT SETA and placement in a top agency in South Africa. I am currently enrolled as a recruit in IT and full stack web development in the coding department
